

The Midwife's Insight

The "Midwife's Insight" is an online program offering a rare glimpse into stillbirth. With strength and courage Stacey O'Brien shares with you the emotional journey to heal her heart and as a thank you gift for the midwives that cared for her so well.

Joined by her husband, Gavin who gives a rare encounter from a dad who was devastated by his son's stillbirth and found it difficult to hold it together for his wife and the family he loves.

You can select from a variety of topics that offer practical ways for you to care for the bereaved and their families. Stacey shares self-care tips and holistic ways to process grief and detangle from the physical and emotional stress of midwifery.

Offering a rare combination of holistic modalities and lived experience that create a wealth of learning into bereavement.

Stacey offers online support and insight into everyday issues that you may need feedback on.

An inspirational collection of educational tools, "The Midwife's Insight" is a rare and insightful offering to Midwifery.

Combine this training with the "Transforming Grief and Self Care for Midwives"
